

Accessing Remote Apps on OS X

Download the Microsoft Remote Desktop app from the App Store

Enter the settings as shown below

Add Workspace

A workspace is associated with this URL.

Workspace URL:

Links to remote apps, PCs and files will be downloaded and automatically updated if you add the workspace.

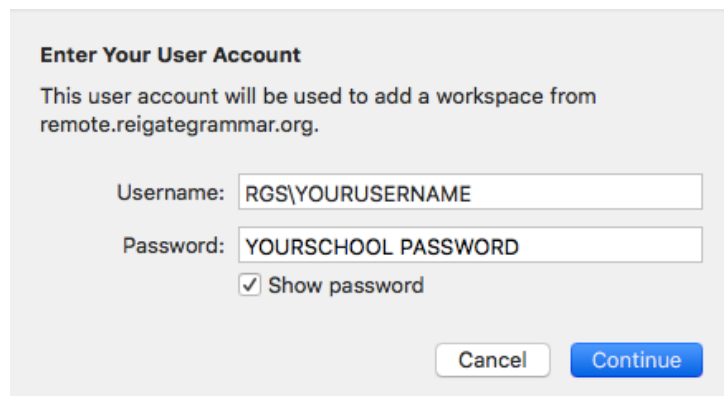

User account:

If you continue, you will be asked for a user account that will be used to add the workspace.

Privacy settings for managed resources are preset by your organization. [Learn more](#)

When entering your school details, remember to put the domain name first as shown below:

“rgs\yourusername”

Enter Your User Account

This user account will be used to add a workspace from remote.reigategrammar.org.

Username: RGS\YOURUSERNAME

Password: YOURSCHOOL PASSWORD

Show password

Cancel Continue

You should see a screen like the below (the apps you see depend on your permissions, so you will not see all of the below).
